## PRIOR EXPERIENCE

### IT SECURITY ANALYST

04/2015 to 04/2017

#### Tufts Associated Health Plans, Inc. | Watertown, MA

- Conducted eight separate security audits to identify vulnerabilities in all internal and external systems resulting in no major deficiencies found. ISO 27001 and NIST standards.
- Developed, tested, and implemented library of over 120 security policies, plans, and procedures for organizational protection.
- Implemented security measures to reduce threats and potential damage related to cyber-attacks.

## **LEAD BUSINESS/SYSTEMS ANALYST**

*02/2008 to 04/2015*

### **Tufts Associated Health Plans, Inc. | Watertown, MA**

- Leveraging Agile methodology and serving as both Sr. Project Manager and Lead Business Systems Analyst, implemented both desktop and mobile versions of new provider search application.
- Served as primary liaison between programmers, business users, and I.S. department to ensure systems functioned properly, met changing business needs, and were positioned to support future corporate strategies.
- Worked extensively in day-long “hackathons” with vendor counterparts to reverse engineer a legacy application, and develop a new system with Web 2.0 functionality (Ajax, HTML5, jQuery)
- Identified needed business improvements and determined appropriate systems required to implement solutions.
- Performed lead analyst role for first-ever mobile initiative in our organization.

## **TECHNICAL TEAM LEADER**

*01/2002 to 02/2008*

### **Tufts Associated Health Plans, Inc. | Watertown, MA**

- Provided lead technical analyst representation for business users implementing new enterprise-wide Oracle content management system in under three months.
- Designed end-user interface by leading and facilitating design sessions, creating screen mockups, and writing use cases.
- Utilized my developer skills by designing new custom application to migrate all existing content from legacy applications into new system, reducing project deployment time by one month.
- Tracked incidents and turnaround time, performed root cause analysis and created dashboard reports for senior leadership.

## **BUSINESS SYSTEMS ANALYST**

*07/2000 to 01/2002*

### **Brown Brothers Harriman & Co. | Boston, MA**

## **TECHNOLOGY ACCOUNT MANAGER**

*02/1998 to 05/2000*

### **JPMorgan ADR Services | Canton, MA**
